THE
EDISONSYSTEM
INTELLIGENT WELLNESS

THE DOCTOR OF THE FUTURE
WILL GIVE NO MEDICINE,
BUT WILL INTEREST HER OR HIS
PATIENTS IN THE CARE OF
THE HUMAN FRAME, IN A PROPER
DIET, AND IN THE CAUSE OF
PREVENTION OF DISEASE.
— THOMAS EDISON

DO YOU:

- Take medications?
- Drink coffee, soda, tea or alcohol?
- Eat sugar or fast food?
- Have blood sugar or blood pressure issues?
- Have joint and muscle pain?
- Eat enough vegetables?
- Struggle with chronic health problems or disease?

The Edison System can help!

By providing our bodies with the required nutrients, we are able to establish health, heal, and help prevent extremes of suffering or disease.

Deficiencies both small and large in the diet can lead to nutritional interference and create not only symptoms, but virtually any health condition as well.

Every organ and system in your body was designed to thrive when provided adequate vitamins, minerals, and other vital co-nutrients.

This fact drove the formulas present in the Edison Pack, with the right balance, form, and a complete range of vitamins, minerals, enzymes, probiotics, and important co-nutrients for supporting total body health.

Critical nutrients have been found to support vital functions, joints, soft tissues, the nervous system, and address the inflammatory process.

Many conditions such as high blood pressure, high cholesterol, heart arrhythmias, diabetes, and cancer are accompanied by nutritional deficiencies. Deficiencies that are made much worse by the prescribed medications.

PLUS, eliminating much of what exists in other products that can detract from your health, such as:

- Non-GMO ingredients
- Allergen-free: Gluten-free, Dairy-free, Soy-free
- Certain vitamin forms, excipients, and unhealthy elements

Nutrients are the key!

The vitamins, minerals, and essential nutrients found in the Edison System are the key to good health. Some of these include:

VITAMIN D3

- Normal immune function • Fighting infection
- Muscle function • Respiratory system support
- Cardiovascular regulation • Proper brain development

VITAMIN E

- A master antioxidant and the body's most potent fat-soluble antioxidant. Crucial for protecting against free radical damage.
- Strengthens and regulates the heartbeat. (Very important in preventing and treating heart disease and cardiac conditions).

VITAMIN K2

- Osteocalcin in Vitamin K dependent. Regulates the pancreas-insulin response and is needed for the bones to bind up calcium and stop calcium from building up on the lining of blood vessels instead (Atherosclerosis).

SAW PALMETTO (MEN)

- Supports the urological system
- Supports prostate health
- Helps mitigate issues leading to hair loss
- Assists in retaining testosterone levels

L-THREONINE (WOMEN)

- An amino acid that balances protein levels and is an anti-aging compound that supports the formation of collagen, elastin, and tooth enamel.
- Protects the cells against oxidative stress and improves mood, anxiety, depression, and sleep.
- Works specifically on the nervous system and helps with wound healing, spasticity disorders and ALS.

D-RIBOSE

Revives damaged areas of the heart, prevents heart damage, and improves recovery.

The Chiropractic Product

Support for your nerves, bones, joints, and soft tissues!

ASHWAGANDHA

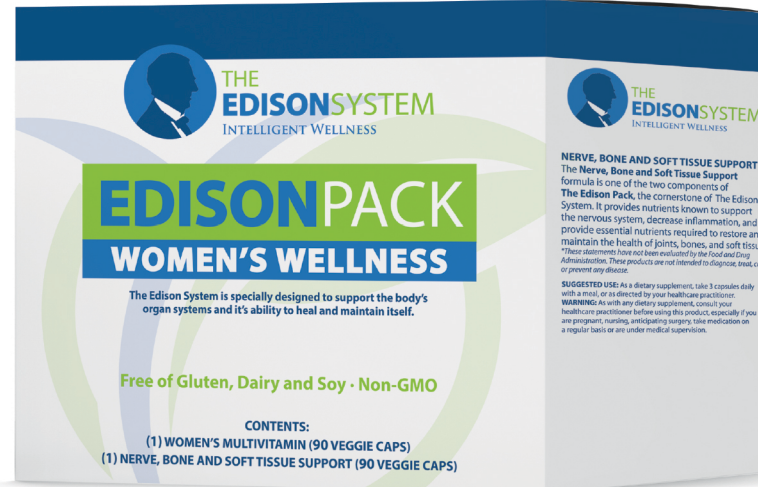

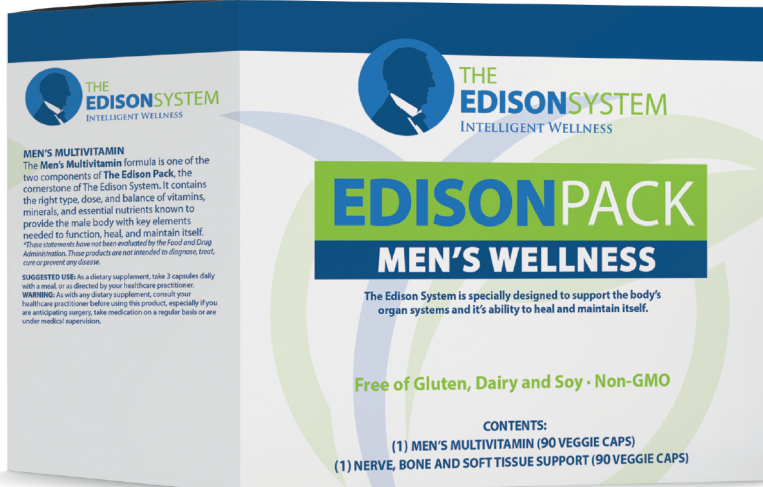

- Protects the immune system
- Helps combat the effects of stress
- Improves learning, memory, and reaction time
- Reduces anxiety and depression without causing drowsiness
- Helps reduce brain-cell degeneration
- Stabilizes blood sugar
- Helps lower cholesterol
- Offers anti-inflammatory benefits
- Contains anti-malarial properties
- Enhances sexual potency for both sexes

TURMERIC

It's the curcuminoids, source, amount, and concentration that gives it the anti-inflammatory and other disease fighting benefits.

CURCUMIN

- Fat burning, lowers oxidative stress in the kidney and liver, improves insulin resistance, diabetic neuropathy, reduces inflammation, lessens mitochondrial damage, delays cataracts, inhibits platelet aggregation, lowers glycosylation, lessens obesity (Goepp). Hyaluronic acid is a substance that is naturally present in the human body and acts as a lubricant and cushion for the joints.
- Has been promoted as a "fountain of youth."

THE KEY COMPONENTS OF THE EDISON PACK
